

Dear Sirs/Madams

On behalf of the Process Transformation Research Group operating within the Łukasiewicz Research Network – Poznań Institute of Technology, we are pleased to invite you to participate in a **free workshop** entitled "Improving the efficiency of business processes using "process digital twins".
The workshops will be conducted in English are addressed to people with and without Polish citizenship

Event details:

Form: stationary workshops

Place: Łukasiewicz – Poznań Institute of Technology, 6 Estkowskiego Street, Poznań

Duration: 2 days, from 9:00 a.m. to 4:00 p.m.

Dates: 3-4.04.2025

As part of the event, participants will receive knowledge and practical skills in the field of:

- BPMN 2.0 standard,
- principles of modeling and analysis of business processes,
- creating your own process models.

A detailed program of the workshops is sent in a separate file attached to the invitation.

The organizers provide:

- qualified trainers (2 trainers per workshop group),
- work in small groups
- training materials in English,
- air-conditioned room with full equipment,
- catering (coffee breaks and lunch on both days of the workshops),
- the possibility of consultation with trainers after the workshops,
- accommodation option for participants coming to the event from outside Polish (after prior notification).

It is recommended to participate in the workshop with your own laptop, but if you do not have the equipment, the organizers can provide it (after prior notification of the need).
