Justification / Uzasadnienie

The documents provided by the Doctoral School as well as the presentation done by the student show that the progress done until now is the correct at the mid-term of the PhD students. The Individual Research Plan is being followed without any major divergence. The student has applied a clear methodology that follows the State-of-the-Art requirements and has obtained good research results published in conferences and in IEEE Com. Letters. Papers under preparation seem to be very promising. The matter of study is very innovative and will have a high impact in future networks, specially in mission critical scenarios. During the first two years the student has collected domain knowledge and has proven his ability to conduct high quality research resulting in a strong publication record.
