Justification / Uzasadnienie

According to the Commission's opinion, Mr. Rabea Bin Sowad presented the research conducted during the first two years of his doctoral studies in an interesting and clear manner and comprehensively discussed the obtained results.

During the subsequent discussion, the doctoral student demonstrated a good knowledge of the research issues pursued in his topic and the ability to justify his point of view.

The Commission also positively evaluated the report prepared by the doctoral student. It pointed out that the doctoral student is pursuing a very demanding topic and applying advanced and highly specialized research techniques. The Commission also very positively evaluated the extensive international cooperation within this project and the planned research internships.

The Commission unanimously determined that the research conducted by the doctoral student was carried out in accordance with the schedule planned in the Individual Research Plan (IPB), and minor delays that occurred were mainly justified by the availability of research equipment. The Commission sees no threats that could affect the timely completion of the doctoral dissertation. The Commission deems the doctoral student's scientific output at this stage sufficient, and consequently, it decided to grant a positive result of the mid-term assessment.
